# WARRANTY CERTIFICATE

## EXTENDED LIMITED WARRANTY APsystems Microinverter Europe

### Extension to 20 Years

All APsystems Microinverters are covered by a 10 year Limited Warranty.

This certificate confirms that the APsystems Microinverters listed below are covered, in addition to the 10 year Limited Warranty, for a further 10 years, beginning at the conclusion of the 10 year Limited Warranty, in accordance with the rights and conditions specified on this Certificate.

# APsystems Microinverter Extended Limited Warranty Europe

The Microinverters (the "Products") supplied by Altenergy Power System Europe B.V. ("APsystems"), with an original purchase date after May 1, 2021 are eligible to this APsystems Extended Limited Warranty only if

(1) they are continuously connected to the internet via an ECU (Energy Communication Unit)

- For systems of more than 4 PV modules: ECU-R or ECU-C, or any compatible ECU.
- For systems up to 4 PV modules: ECU-B, ECU-R or ECU-C, or any compatible ECU.

And if (2) APSYSTEMS WARRANTY UPGRADES TO 20 YEARS is made WITHIN 30 DAYS OF INSTALLATION OR EMA ACTIVATION, WHICHEVER IS EARLIER, OR ANY TIME PRIOR, REGARDLESS OF THE SHIPPING DATE OF THE INVERTER.

Products with an original purchase date after May 1, 2021 and not continuously connected to the internet via an ECU will receive a Legal Warranty of 2 years, starting from the original purchase date of the products from APsystems. These products are not eligible to the Extended Limited Warranty.

The APsystems Microinverters (the "Product") supplied by Altenergy Power Systems Europe BV Inc. ("APsystems") are designed to withstand normal operating conditions when used for their originally intended purpose in compliance with the APsystems User Manual supplied with the system. This APsystems Extended Limited Warranty ("Extended Limited Warranty" or "ELW") covers Defective Products for a period starting at the termination of the standard ten (10) years Limited Warranty Period, for an additional ten (10) years, (the "Extended Warranty Period"). A Product is defective if it is inoperable because of defects in material and workmanship, provided that APsystems, through inspection, establishes the existence of that defect ("Defective Product"). To obtain service under this Extended Limited Warranty, the holder of the Warranty must comply with the Return Merchandise Authorization ("RMA") procedures, which can be found at [www.APsystems.com](http://www.APsystems.com).

During the Extended Warranty Period, APsystems will, at its option, either:

(1) repair or replace the Defective Product, or

(2) provide a credit to the holder of the Warranty towards purchase of a replacement Product from APsystems based on the pro-rata ELW time period remaining for the Defective Product, which credit shall be calculated as follows;

- "the number of months remaining under this ELW at the time of return of the Defective Product" divided by "300" multiplied by "the then current purchase price including shipping of a new equivalent replacement Product".

If APsystems chooses to repair or replace the Defective Product, APsystems may, at its option, use new and/or reconditioned parts, and/or parts of the original or a subsequent design. If APsystems repairs the Defective Product, APsystems will also cover the cost of shipping the replacement Product from APsystems to the customer, but not the cost of any import duties or taxes. This ELW does not cover shipping cost of the Product to APsystems, or labor costs related to removing the Defective Product or re-installing the repaired or replacement Product, or any shipping damage. If APsystems repairs or replaces a Defective Product, the ELW continues on the repaired or replacement Product for the remainder of the original Extended Warranty Period.

The Extended Limited Warranty does not apply to, and APsystems will not be responsible for, any defect in, or damage to, any Product that (1) has not been purchased from APsystems or an entity expressly authorized by APsystems to resell the Product, or (2) has been purchased on a non-authorized third-party eshop, or (3) is not connected to the internet through an ECU within 45 consecutive days following the date the PV system has received permission to operate by authorities having jurisdiction, and continuously connected there after, or (4) has been moved from its original installation location, or (5) has been disassembled, tampered with, or modified in any way, or (6) has been misused, neglected, improperly installed, or used under conditions for which the product was not designed to be used or used differently than outlined in the APsystems User Manual, or (7) has been subjected, directly or indirectly, to circumstances beyond reasonable control, including, without limitation, acts of God; earthquakes; fires; floods; typhoons; war; civil or military disturbances; acts of terrorism; sabotage; riots; any such circumstances beyond its reasonable control as may cause interruption, loss of function, communication disruption or performance issues (hardware or software); water intrusion; corrosion; infestations; or input voltage outside the parameters listed in the Product specifications, whether from the grid, generators, or lightning strikes, or (8) has been impacted by incidental or consequential damage caused by other components of the electrical system within which it is installed, or (9) has been subject to any attempt to alter or remove the original identification markings (including trademark, model number, or serial number).

This ELW does not cover costs related to the removal, installation or troubleshooting of any components of the customer's electrical systems. During the Extended Warranty Period, this ELW may be transferred to subsequent owners of the Product upon completion of a "Warranty Transfer Form" available from the APsystems website, and payment of the nominal transfer fee as shown on that form.

THIS EXTENDED LIMITED WARRANTY IS A SUPPLEMENTAL WARRANTY OFFERED BY APsystems AND IS ONLY APPLICABLE IF THE CUSTOMER HAS PAID FOR THIS EXTENDED LIMITED WARRANTY AND HAS PROOF OF REGISTRATION OF THE UID OF THE SPECIFIC PRODUCT. AFTER THE WARRANTY PROVIDED BY APsystems DURING THE INITIAL 10 YEAR WARRANTY PERIOD, THIS EXTENDED LIMITED WARRANTY IS MADE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE, QUALITY, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, OR WARRANTIES AS TO THE ACCURACY, SUFFICIENCY, OR SUITABILITY OF ANY TECHNICAL OR OTHER INFORMATION PROVIDED IN MANUALS OR OTHER DOCUMENTATION. IN NO EVENT WILL APsystems BE LIABLE FOR ANY SPECIAL, DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, LOSSES, COSTS, OR EXPENSES, HOWEVER ARISING, WHETHER IN CONTRACT OR TORT, INCLUDING WITHOUT LIMITATION ANY ECONOMIC LOSSES OF ANY KIND, ANY LOSS OR DAMAGE TO PROPERTY, OR ANY PERSONAL INJURY.

Some jurisdictions do not allow limitations or exclusions on implied warranties or on the duration of an implied warranty or on the limitation or exclusion of certain damages, so the above limitation(s) or exclusion(s) may not apply. This Extended Limited Warranty gives the customer specific legal rights, and the customer may have other rights that may vary from jurisdiction to jurisdiction.
